THE SOUTH-CAROLINA AND COUNTRY GAZETTE; JOURNAL.

Containing the freſheſt Advices, both Foreign and Domeſtic.

TUESDAY, OCTOBER 6, 1767.

LONDON, JUNE 23.

BY accounts lately arrived in the Prince Frederick ſtore ſhip, we are credibly informed, that the new iſlands near the ſtreights of Magellan, were the laſt ſummer very fruitful in peaſe, beans, turnips, potatoes, &c. the ſeed of which had been ſown by the gentlemen of the men of war ſtationed at Port Egmont, which was diſcerned by the Dolphin in her laſt voyage, and ſaid to be as commodious and ſafe a harbour as any in the world. That the corn was in the ear when they left that place, which was in January laſt, anſwering to our July, the iſlands lying in nearly the ſame parallel with London, in the ſouthern hemiſphere. The land being without trees, care had been taken to get a large quantity tranſported from the ſtreights, ſo that with proper management and induſtry, it is hoped they will one day turn out of the utmoſt uſe. Thoſe are the iſlands which ſome have repreſented to be ſo ſteril, as not to produce any kind of vegetables!—Had commodore Anſon, in his voyage round Cape Horn, known of this port, there is no doubt but that his whole fleet might have gone into the South Sea in good condition.

JULY 8. *George James Williams, Eſq; is appointed paymaſter of Nova Scotia: As is George Cooke, Eſq; agent to the invalids, in the room of John Luke Nicholl, Eſq; deceaſed.*

On Monday laſt a man and his wife, in the pariſh of St. Martin in the fields, having ſome words together, the huſband gave her ſix-pence, and adviſed her to purchaſe ſome arſenac and poiſon herſelf; the woman, from a falſe ſpirit of reſentment, put her huſband's injunction into execution, and expired ſoon after in great agony.

JULY 10. *They adviſe from Minorca, that two capacious dock-yards, furniſhed with every material neceſſary for the conſtruction of careening the largeſt men of war, have at length been compleated, together with victualling and marine magazines, for the ſupply of a fleet on the ſhorteſt notice.*

We hear from the Weſt of England, that the colony agents are very buſily employed in engaging ſome hundreds of the beſt manufacturers in the woollen branch to go over to New-York and Boſton, on great encouragement.—There will be little reaſon to doubt of their ſucceſs, if it be true, that in thoſe parts the poor working people are not half employed, and that the eating unwholeſome food occaſions diſeaſes which carry many off.

JULY 13. *Thirteen of the beſt hammer-men and forgemen in the iron manufactory have been engaged to go from Sheffield to America, for which a handſome premium is given them; and great wages for two years certain, and ſix ſhillings a week to each of their wives and families as ſtay behind for that time. They have alſo given 100 guineas each for the beſt ſaw-makers, and the ſame money for their wives that ſtay. [If proviſions are kept up at the rate they are, the Americans will ſoon have hands enough to carry on their manufactories, without giving premiums.]*

No changes have yet been declared at court. The right hon. Mr. C——y, whoſe reſignation was voluntarily, has been deſired, as we are informed, to remain in his place till a proper perſon is choſen to fill it. The above gentleman has lately had the honour of private conferences with his majeſty.

It is ſaid, that 450,000l. were remitted into this kingdom, on account of corn exported to France, Spain, and Portugal, in the years 1764 and 1765.

On Tueſday laſt a baſket-woman of Covent Garden market, was ſafely brought to bed of three fine boys, who are all likely to live; and laſt Saturday, to the ſurprize of ſeveral perſons, ſhe was ſeen plying for work in the ſame market, and actually carried ſeveral burthens.

JULY 14. *By letters arrived at Liſbon from Brazil, there is advice, that it had been diſcovered that ſome Dutchmen have, for ſeveral years paſt, carried on a clandeſtine trade with the inhabitants of Paraguay, to the amount of three millions of piaſters per annum.*

JULY 15. *On Saturday laſt diſpatches were received from Hugh Palliſer, Eſq; governor of Newfoundland.*

John Townſhend, Eſq; ſon of Chauncey Townſhend, Eſq; is elected member for Weſt Looe in Cornwall, in the room of Sir William Trelawney, appointed governor of Jamaica.

They write from Edinburgh, that ſuch great additions and improvements are about to be made to that city, as will render it almoſt equal to any metropolis in Europe for extent and elegance; ſome new and ſpacious ſtreets are to be built on a fine healthy piece of ground, commanding a proſpect of the ſea; and a bridge is to be conſtructed over a deep glen, to connect them with the reſt of the city.

JULY 18. *Laſt week ſailed from the Downs, the Aurora man of war, captain Fuller, with ſettlers for Eaſt Florida. On board this veſſel is the learned Dr. Stork, (to whom the public is indebted for making them acquainted with the many natural advantages of this new colony) upon his return to St. Auguſtine.*

We are informed, that his Excellency William Henry Lyttleton will ſet out for the Court of Portugal next Saturday.

On Thurſday laſt came on in the Court of King's Bench, Weſtminſter, before the Right Hon. Lord Mansfield, and a Special Jury, a Trial againſt an eminent Attorney at Morpeth in Northumberland, for a ſuppoſed Perjury on the Proſecution of Major Mitford, when the Defendant was honourably acquitted, there appeared no Foundation for the Charge againſt the Defendant. No Witneſſes being examined.

Copy of the paragraph of a letter from Liſbon, dated June 12, 1767.

"It may be agreeable to you to learn that an expedition is fitting out here with all poſſible diligence, to conſiſt of two men of war of the line, a frigate, and four of the Pernambuco Company's ſhips to carry proviſions, together with others, which, it is ſaid, are preparing at Porto. Their deſtination is kept ſecret; but it is the general opinion they are deſtined for the Rio Grande in Brazil, to operate jointly with the Spaniards in the expulſion of the Jeſuits from Paraguay. The deſtination given out, is, that they are to garriſon the Weſtern iſlands, where it is ſaid there have been ſome diſturbances; and this has occaſioned a ſurmiſe that the Court fears ſome attempt on the part of England, the better to bring them to a compliance with treaties.

"It is certain that a Miniſter is named for Denmark, and Mr. De Johu has taken up the character of Miniſter from that Court here; but no treaty is talked of, nor any appearance of an alliance betwixt the two Courts; but the propagating theſe reports ſeems calculated for particular purpoſes, which are ſufficiently obvious.

"I am glad to ſee the light our matters have been ſet in by the Board of Trade, but deſpair of ſeeing proper meaſures being followed while we are in ſuch a violent perplexity at home. Which way ſoever we caſt our eyes, gloomy is the proſpect; and God alone knows what will be the iſſue of our diſtractions; but certain it is, the welfare of the nation is greatly hurt by them abroad, and foreign powers will not fail taking hold of the opportunity, to our diſadvantage. Witneſs the preſent Court Favourite here, who tho' he preſides over a kingdom the leaſt powerful of any in Europe, and whoſe diminutive power is ſtill leſſened by the general diſaffection that prevails; yet this Miniſter, without a friend in the kingdom, and aſſiſted only by the Royal favour, can by his perſeverence hold at bay that power which, when properly exerted, was ſufficient to conquer the united force of France and Spain. Alas! poor England! what art thou fallen to, when thou art thus to be domineer'd over by ſuch a wretch as this?

"As to our new Envoy, we have ſo often been diſappointed in our expectation of his arrival, that he is thought of no more. Nay, for my part, I ſhould rather be ſhould never arrive, if he does not bring a power of puniſhing things to the utmoſt; as I am ſure the eloquence of an angel would have no effect; and the leaſt receding on our part will be ſufficient to make the Favourite proceed ſtill more haſtily in his perſecuting ſyſtem.

"As to the Gentleman newly appointed Conſul, if you have any acquaintance with him, you may let him know that he will find himſelf widely miſtaken, if he judges of the future income of his poſt by times paſt; for Portugal is no longer the reſort of Engliſh navigation."

Extract of another Letter from Liſbon.

"The Portugueze in general of every Rank and Degree are expecting the Arrival of Mr. L—— with the greateſt Eagerneſs and Anxiety, as Part of his Inſtructions, it ſeems, has been tranſmitted here, and that he is not only to oppoſe the late oppreſſive headſtrong Meaſures of the deſpotic Favourite, but is likewiſe to make ſeveral Repreſentations greatly beneficial to the Intereſts of every particular of this Kingdom in general. So that the Nobleman and Gentleman now expects to ſee his Friend and Relation releaſed from Priſon, or at leaſt admitted to the Juſtice of a legal Trial; while the Trader flatters himſelf with the Hopes of being releaſed from the deſtructive Powers of Monopoliſts, and rejoices in the Expectation of a ſpeedy Opportunity of employing to Advantage that Induſtry, which has ſo long been oppreſſed and hindered from exerting itſelf. What is the immediate purport of their intelligence I have not yet been able to learn, as no one chuſes to be known for the Author; but certain it is that they have received Information of a Meaſure which is entirely conformable to their Inclinations, and which makes their Wiſhes not leſs ardent for the Succeſs of Mr. L——'s Embaſſy, than could be expected from the moſt hearty Engliſhman; and the Wiſdom and Magnanimity of his Court is extolled by every body."

JULY 21. *A young lady, ſaid to be heireſs to a conſiderable fortune in the North of England, lately made her eſcape from a Popiſh convent at Boulogne in France, where ſhe had been confined upwards of nine years.*

On Thurſday laſt General Cornwallis arrived at Portſmouth, in order to embark on board his majeſty's frigate Æolus, for his government of Gibraltar. And on ſaturday the Æolus ſailed out of the harbour for Spithead.

JULY 25. *The lord biſhop of London, in obedience to his majeſty's commands communicated to him by the archbiſhop of Canterbury, has ſent circular letters to the parochial clergy in his dioceſe, requiring them to procure compleat and correct liſts as can be obtained, of all papiſts or reputed papiſts within the ſame, diſtinguiſhing their pariſhes, ſexes, ages, occupations, and how long they have been reſident there.*

A letter from Corſica, dated June 30, ſays, "It is believed that the republic of Genoa will not much longer delay to acknowledge that they have made but ineffectual efforts to oblige us to become again dependent on them. From what we have undertaken for liberty, and the ſucceſſes we have met with, they may judge of what we may be further able to effect; and comprehending at length, that it will be impoſſible for them to ſubdue us, they will abandon the deſign, eſpecially as a report prevails that the court of France is about withdrawing her troops from our iſland."

We hear that twelve ſhips of war, of forty guns and upwards, are ordered to be repaired and fitted up for ſtation ſervice, the Weſt-India ſtationed ſhips being ordered to be relieved in the beginning of September next at furtheſt, ſeveral of them having been their full ſtationed time of three years.

Laſt Saturday died at Carmichael in Scotland, John Carmichael, earl of Hyndford, lord Carmichael, and baronet, a lord of the privy council, commiſſioner of the police, and vice-admiral of Scotland, alſo one of the 16 peers, and an knight of the ancient order of the thiſtle. He married firſt, Elizabeth, eldeſt daughter of Sir Cloudeſley Shovel, and widow of Robert Lord Romney; and ſecondly, Jane, daughter of Benjamin Vigor, Eſq; of Fulham in Middleſex.

A melancholly affair happened at Rotherhithe laſt week. A young lady, an American by birth, who had come over from Carolina ſome years ago to be educated here, lodged and boarded at a captain of a ſhip's houſe in Rotherhithe aforeſaid. She was the only child of a very rich planter, and was to have gone home very ſoon. Having been with a party of young gentlemen and ladies at St. Helena gardens, ſhe accidently ſlipped into one of the fiſh-ponds, but was preſently got out again; ſhe perſiſted however in not changing her clothes (as the weather was warm) until ſhe got home; where, after having ſo done, ſhe ſat down with the family in ſeeming good health and ſpirits to ſupper, and was very chearful afterwards; but (whether it proceeded from a cold caught by the accident, or from a too free indulgence of her appetite with ſtrawberries and cream at the gardens, or ſome other latent complaint, is not known) ſhe was found dead in her bed the next morning.

BOSTON, SEPTEMBER 7.

TUESDAY *laſt arrived here the ſhip Minehead, William Waters, from Anguilla, who informs, that at that iſland, on the 7th of Auguſt laſt, at three o'clock in the morning, they had a ſevere ſhock of an Earthquake, and between the hours of 10 and 11, the ſame forenoon they had a violent guſt of wind, which flew round from E. N. E. to S. W. at noon they had a ſmall ſhock of an Earthquake, but did not hear of any damage done in the iſland.*

SEPTEMBER 14. We hear from Milton, that on the morning of the 6th inſtant, the wife of Mr. Edward Park, of that town, was ſafely delivered of three fine daughters, who are all likely to do well; theſe were their firſt children, having been married between 8 or 9 months. A worthy matron officiated as midwife, and delivered the woman of three children within half an hour.

On Tueſday laſt died here *Jeremy Gridley*, Eſq; attorney general for this province, and a member of the general court. His funeral was attended on Saturday, with the reſpect to his memory, by the members of the council, and the judges of the ſuperior court in town, the gentlemen of the bar, the brethren of the Society of free maſons, of which he was grand-maſter, the officers of the firſt regiment of militia, of which he was colonel, the members of the marine ſociety, of which he was preſident, and great numbers of gentlemen of the town.

The ſame Morning between the Hours of three and four, a Fire broke out in a Joiner's Shop in Bear-Lane, at the North Part of the Town, which conſumed the ſaid Shop, as alſo a Whiteſmith's, and a Tallow-Chandler's adjoining: The Cupola of the New-Brick Meeting-Houſe (ſo called) catch'd on Fire in ſeveral Places, but by the Dexterity of ſome of the Inhabitants, and it providentially being calm Weather, that Edifice, and the Houſes in the Neighbourhood, which conſiſted of many Wooden Buildings, were preſerved from Deſtruction.

SEPTEMBER 21. *By our lateſt Advices from London, which come down to the 8th and 9th of July, we are informed that the King has eſtabliſhed the Admiralty-Office for the New-England Provinces, and appointed Robert Auchmuty, Eſq; Judge, with 300l. Sterling per Annum, and to have no Fees; Jonathan Sewall, Eſq; Advocate-General, and Mr. Arodi Thayer, Marſhal.—That his Majeſty hath likewiſe ſettled a Board of Cuſtoms in conſequence of an Act of Parliament for that purpoſe, their Reſidence to be at Boſton.—That the Appointment of the aforementioned Officers had not been declared, nor their reſpective Salaries; the Salaries were to be ſettled by his Majeſty out of the Revenue ariſing from the Duties laid by the Act of Parliament, which were devoted to the Crown, as therein ſet forth, for paying the Officers of Government: It is however ſaid that they were determined on, though not declared.*

Laſt Saturday ſe'nnight died at Newport, in the 74th Year of his Age, the Honourable Gideon Wanton, Eſq; formerly Governor of that Colony.

NEWPORT, (Rhode-Iſland) AUGUST 31.

On Wedneſday the 23th Inſtant, the Thermometer ſtood above 80 for five Hours;—the 26th at Noon the Mercury had aſcended to 91; On the 27th it reached 89;—from eight in the Morning of the 28th to four in the Afternoon, it was inceſſantly above 80, tho' its higheſt Altitude did not exceed 85. The Evening of the 29th, it had deſcended to 63; and Yeſterday Morning was at 60, from whence it aſcended to 69, and by nine in the Evening fell to 54. On the 5th of June laſt it was 93 and two-thirds, and the 7th laſt. it was above 90.

This Day the General Aſſembly is to meet at the Court-Houſe in this Town.

SEPTEMBER 7. *Laſt Wedneſday the Truſtees of the College in this Colony held their annual Meeting in this Town; when the Honourable Stephen Hopkins, Eſq; was re-choſen Chancellor, Colonel Jeb Bennet, (in the Room of John Tillinghaſt, Eſq; who reſigned) was choſen Treaſurer, and Dr. Thomas Eyres was re-choſen Secretary.*

The Garland Man of War, Captain St. John, ſailed from hence laſt Tueſday for New-York.

At the Seſſion of the General Aſſembly of this Colony, held here laſt Week, the Gentlemen who ſuffered by the Riots in this Town in Auguſt, 1765, exhibited Accounts to the Lower Houſe, amounting as follows, viz. Mr. Howard £.970, Sterling, Dr. Moffatt, £.1310, Mr. Johnſton, £.373-1-3d

in all £. 2653-1-3, Sterling. £. 540 of Mr. Steward's Account, and £ 350 of Dr. Moffatt's, were occasioned by their going to England.—The House, at a former Session, voted, that the Accounts should be exhibited under Oath, and the Particulars of their Losses enumerated. This Vote not being complied with, the House disapproved of the Accounts.

SEPTEMBER 21. *We hear that the Uneasiness subsisting in the Western Islands, is occasioned by an Order lately received from the Court of Portugal, prohibiting the making an Addition to the Number of Priests or Nuns, until farther Orders from that Court. This with the taking into Custody some Crown Officers, who are supposed to have been guilty of male Administration in the Receipt of the Revenue, hath been the Occasion of several Tumults in those Islands.*

NEW-YORK, SEPTEMBER 7.

By Capt. Bell, who arrived here on Tuesday last from Salteruda, but last from Bermuda, we have advice, that the two fine schooners commanded by Messrs. Stony and Connel, which lately sailed from this place, in company with the man of war's tender, with king's stores for Jamaica, having met with a hard gale of wind soon after they left this port, had been parted from the tender, and lost most of their water; whereupon they put into Bermuda the 3d of August, in order to procure a fresh supply, and were to sail again soon after Capt. Bell left that island. On Wednesday the 27th ult. in lat. 39, 30, Capt. Bell spoke with Capt. Bullard in a sloop from Boston, bound for North-Carolina, all well.

By letters from Antigua of the 11th of August, we learn, that they had a hurricane at Dominica the 27th of July, in which a sloop that belonged to this port or Philadelphia, and two ships from Barbados, bound home were lost.

The General Assembly of this province, was on Monday last by proclamation, prorogued from the first to the twenty-second instant September.

SEPTEMBER 14. By letters from Montreal, we learn, that three Frenchmen sent out by Monsieur La Corne, are lately returned there after 26 months journey in the wilderness, they have been 1500 miles farther than Mishilamackana, in search of the north west passage; and we hear they have made many useful discoveries, and that they actually met with a very large river that ebb'd and flow'd.

KINGSTON, (in Jamaica) AUGUST 29.

On Friday the 21st instant arrived the ship Lawrence, Captain Rusden, in whom came passenger Robert Myrie, Esq; Captain in his Majesty's 36th Regiment.

The 22d arrived the ship Argyle, Captain Crockatt, in whom came passengers John Verdon, Esq; and his lady.

Tuesday arrived, from Pensacola, his Majesty's ship Preston, Allan Gardner, Esq; commander, with the Hon. William Parry, our Admiral.

Yesterday being the anniversary of the dreadful storms which happened in the years 1712 and 1722, the same was generally observed, and a most excellent sermon was preached by the Reverend Mr. Poole, Rector of this Parish.

CHARLES-TOWN, OCTOBER 6.

ON Wednesday last, a Ship from Scotland for Cape-Fear, with a Number of Passengers on board, put in here for some Necessaries.

In the Sloop Charles-Town, Capt. Durfee, from Rhode-Island, who arrived here on Friday last, returned Benjamin Simons and Humphry Sommers, Esqrs; Mr. George Livingston, jun. Mr. Lambert Lance.—Mr. William Allston, of George-Town, and Mr. Burn, of this Town, with sundry others, came Passengers in the said Vessel.

On Sunday last the Sloop ——— Capt. George Stewart, put in here for a Supply of Provisions and other Necessaries: The said Sloop was bound from New-York to Pensacola, and had been out near nine Weeks.

The same Day the Brig Philadelphia Packet, Captain John Harrison, sailed for Philadelphia.

We learn from New-York that it is very sickly there, the Bloody-Flux raging much, which carries off both young and old, fourteen or fifteen dying in a Day.

Several Vessels lies Wind-bound in Rebellion-Road, waiting for a fair Wind to sail for the Ports of their Destination; among whom are the Diligence and Ferret Men of War for Jamaica, and the Brig Hope, Captain Robert Whitelock, for London.

Colonel Ralph Walsh, of the 31st Regiment, and William Gale, Esq; of Jamaica, went Passengers in the Britannia, Capt. Bull, who sailed last Tuesday for Philadelphia.

By Accounts from Fair-Forest, on the Confines of this Province, of the 20th past, we learn, that seven Men of that Neighbourhood, in North-Carolina Government, went to hunt amongst the Mountains on the 5th of said Month, being upwards of sixty Miles beyond the Boundary Line, but about two Hours after Sunset, as they were going to sleep, they were fired upon (as supposed) by Indians, when one of them was killed, another mortally wounded, and the other five got Home safe.

Michael Muckenfuss, dispatched by the Postmaster General, with the Male for St. Augustine, returned here last Wednesday, and gives the following Account, upon Oath, That on the 20th ult. (three Days after he left Savannah) he reached the Store on Santilly River, kept by James Lemmon, who told him, that the Day before, while George Mills, Benjamin Baker, Jeremiah Wylly, and one Cummins, were driving some Cattle across a Run of Water, near the said Wylly's House, the three last mentioned were fired upon and killed on the Spot: Mills made his Escape, and rode towards Wylly's, where he saw five Indians killing two Women, three Children, and old Mr. Mills, his own Father, on which he rode off; he knew the Indians to be Creeks, belonging to the Village of Allatchaway, who, to the Number of fifteen, had been for some time hunting in that Neighbourhood. The House where this Murder was committed, is in East-Florida, on St. Mary's River, fifteen Miles above the Ferry, which the said Muckenfuss reached on the 22d in the Evening, but finding no Boat, and no Answer from the Ferry-House, on the other Side, he supposed the People were fled, and not being able to cross the River he was obliged to return.

A Middle aged Woman, as a House-Keeper to a Gentleman's Family in the Country: Such a one may hear of a Place greatly to her Advantage, by applying to the Printer hereof.—It is expected that she will bring a sufficient Recommendation.

THE Subscriber intending to go off the Province early next Spring, will sell at publick Outcry, at the usual Place in Charles-Town, *on Tuesday the 22d Day of October* Inst. A *very* VALUABLE PLANTATION, on the South Side of Santee River, containing upwards of *Two Thousand Acres*, having thereon two very large Barns, an Overseer's House, Negro Houses, a Corn-House, Stable, and other necessary Buildings.——*One Hundred Acres* of the River Swamp are ditched in, and under extraordinary good Banks. About *One Hundred Acres* more, uncleared Swamp, are adjoining, lies very convenient to the Barn, will require very little or no ditching, and is esteemed to be exceeding good.——A very large and extensive Reservoir, that holds a prodigious Quantity of Water, is at Hand, so that should the Summer be dry, and the Spring Tides low, you are at no loss, as you can command plenty from the Reservoir.——The Remainder of the Land back, is mostly Pine, (on which is a great deal of Light-Wood) and runs on WASHO CREEK, (to secure the Head of Water) near five Miles. Said Creek divides the above from other Lands of the Subscriber's, and will be made the dividing Line; but a Right to the Use of the Reservoir will be made to the Purchaser.

As there are many People who possibly are, or may be prejudiced by idle Reports against the above Lands not producing Crops, unjustly imagining that the Land is hurt by the Salts. I shall be glad such People will give themselves the Trouble to go thither now, and let the present Crop of sixty Acres of Rice, with Corn, &c. satisfy them of the Truth.

Any Person inclinable to purchase the said Plantation by private Sale, or, as the whole consists of five Tracts as originally run out, if a Number of Persons should want to purchase the Tracts separately, so that the Whole may be disposed of, he or they are desired to apply to the Subscriber in Charles-Town, before the Day of Sale, who has a Plat of the Whole, and will treat upon the most reasonable Terms.——Two of the said Tracts, lying at the Head of the Creek, has a good Body of fine Swamp, supplied with Abundance of large Cypress, and is capable of being made a fine Rice Plantation. Any Person desirous of seeing the above Lands, is desired to apply to Mr. JONAH COLLINS, who will shew it. SAMPSON NEYLE.

N. B. As soon as the Land is disposed of, I purpose to sell fifteen or twenty Negroes. *October* 5, 1767.

AS I find the advertisement which I late published in the different news-papers, desiring all persons who were any way indebted to the estate of BENJAMIN BACKHOUSE, deceased, to call and settle with me, as administratrix of the said estate, has been quite disregarded; I therefore give this timely notice to such person as may be in any respect indebted to the said estate, that unless they settle with me by the time limited in my former advertisement, (which was the first day of December next) they may expect to find their bonds, notes and accounts, in the hands of JOHN MATHEWES, Esq; as I am under an indispensable necessity of settling all the concerns of the said deceased's estate in as short a time as possible.——Those to whom the said estate is indebted, are again desired to bring in their accounts, to

KATHERINE BACKHOUSE, Administratrix.

CHARLES-TOWN, July 14, 1767.

One Hundred Pounds Reward,

RUN-AWAY last week from my Cowpen, and took with him a HORSE, a short well set fellow, named *BEN*, upon the yellowish or mustee cast, very hairy about the legs, and has a down look, is very sensible, and was once the property of HUGH BRYAN. He is supposed to be enticed away to the Creek nation by one HENRY SNAP, though it is not improbable but he may endeavour to go to *North-Carolina*, or *East-Florida*, being well acquainted with most parts of the back country, or he may attempt to pass for a *Free Man*. The horse he took away is branded X, or CE, being the brand of *Charles Elliott*, Esq; who bred him, is very remarkable by having one glass eye, white face, and white under the belly and up his sides to the girthing place.——Whoever will apprehend and deliver the said fellow to *Jacob Kittles*, or *Hardy Deloatch*, on Savannah River, or to the warden of the workhouse, shall receive a reward of *One Hundred Pounds* currency, from WILLIAM WILLIAMSON.

N. B. He has a scar over his right or left eye, and is a little round-shouldered.—The above fellow has been lately seen at Salisbury, going to North-Carolina.

LEFT at Mr. William Holliday's stables, about 14 days since, by a young negro fellow, in the name of Col. Shingleton, (but he is not his property) a bay horse about 14 hands high, with a blaze on his face, leaning to the off side; branded on the near buttock +. The owner is desired to pay the expence of his keeping, and take him away, or he will be appraised and sold according to law.
